

Your task is to write a 4-5 paragraph essay in which you address the following question:

Who is at fault for the misery in Mary Shelley's *Frankenstein*, Victor or the Creature?

The final essay must be included in your Frankenfolio which is due on Monday, December 20, 2010.

What do you need to include in your essay?

- Strong thesis statement
- Strong transitions
- At least two amazing quotes
- Proper MLA citation
- Double space, 12 point font
- All the elements of a great essay
- Proper grammar and punctuation

Tips:

- Focus your essay. Good writers know what to leave out of an essay. You only have 4-5 paragraphs, so you cannot include everything. Pick your two strongest points and back them up well.
- If you choose to do 5 paragraphs, then one of your paragraphs can be a response to a counterargument.
