

The Maycomb, Alabama Social Media Project

Your task, as an entire “community” of learners, is to create a social media wall for the community of Maycomb. You will have the 3 panels of the back wall, behind where Jarod and Tyler sit, to use as your canvas. Everyone must participate.

Requirements:

- Decide, as a group, which social media you would like to use as your model, Twitter, facebook, something else.
- Each student must pick a character as his/her own. No duplicates.
- Each student must create a “page” for that character.
- As a group, you must figure out how to show connections among characters.
- Individual pages are due on Monday, September 10.
- In class on Monday, you will arrange your pages on the back wall in the way that best reflects the “community” of Maycomb, Alabama from Harper Lee’s *To Kill a Mockingbird*.

Points:

Max value = 30 points

Up to **20** points for your individual page. This includes accuracy, neatness, and thoroughness.

Up to **5** points for class participation on Friday.

Up to **5** points for whole group interaction and arrangement on Monday.
