Your research question will guide your inquiry and inspire your thesis. Your research question is due 3/2/11.

Your research question should begin with “how”; if your topic choice was technology and the broader subject was business, rather than education, you might ask:

- How will technology change office work in the coming decade?
- OR How can workers prepare for technology upgrades in the workplace?
- OR How does technology affect customer service in health care?
- OR How will business protect itself against technology piracy?

Preliminary source list is due 3/7/11
