

**Over the Thanksgiving Break, please complete all of the following:**

1. Finish reading *The Scarlet Letter*.
2. Look on kriegerland for the symbol sheets from your class. Then create a flow chart that clearly connects each symbol. (Keep in mind that each symbol functions to bring deeper meaning to the text. A good writer is able to tie these symbols together so that they are unified.) Your chart can take on any shape as long as your connections make sense.
3. Continue looking up examples of your symbol. Make a list and include page numbers. Include explanations as necessary. You may work with your group members if you wish. The goal is to be an expert on your symbol so that when we talk after the break, you will be able to quickly and smartly share information.
4. Find a scene in the book where a character looks into a mirror or sees his/her reflection in something. Explain what we learn about the character from this scene.
