

AP COMP. RESEARCH PROJECT REWRITES

Responsibility of the student: to learn from the experience; to learn from the mistakes; to work hard

Responsibility of the teacher: to teach; to re-teach; to believe in you even when you don't believe in you and possibly to growl at you when you try to think of reasons why you shouldn't revise your paper.

.....

Period 4, you will have until the day that we return from Spring Break—Monday, April 16, 2012—to hand in your revised projects. **Period 1**, you will have until Monday, April 23, 2012 to hand in your revised projects. **Italian exchange students**, you must hand in your revisions prior to departure for Italy. Normally, I wouldn't allow this much time for a revision, but Spring Break is complicating the calendar. Keep in mind that the earlier you hand in your revision, the better it is for you. It is also important for you to understand that revised grades will have to be entered into the reporting system retroactively. As such, your MP3 grade might be lower than you would like. You have the opportunity to regain **ALL** points.

There will be no exceptions to the deadlines. If you are not going to be in school on the due date, then find a way to get the revision to me. You will also need to hand in all of your original work.

| What a revision is | What a revision isn't |
|--|---|
| <ul style="list-style-type: none">• something that happens after meeting with Mrs. Krieger• a rethinking of your data and your conclusions• a revisiting of APA standards• a thorough rewriting of your project• a lot of work that is worth it in the end | <ul style="list-style-type: none">• just adding punctuation marks• simply adding in or cutting out words, phrases, sentences, or sections• the exact same product that you handed in the first time |
