

### Shakey Phiz

This assignment is about “physicalizing” the lines of Shakespeare. As I have told you in class, drama is meant to be experienced and not just read. Your homework for this weekend is to physicalize at least one line of the memorization passage that you are preparing for next week. After you physicalize the passage, write one page about the experience. What movements did you make for various words? What did you discover about your passage? Be sure to include the line or lines that you use for this assignment in your write up.

ROMEO & JULIET
